

We received word this afternoon that our application was approved for free breakfast and lunch for all of our students. The State and USDA are providing this program. No one needs to apply. Every student is eligible. The program will begin this Wednesday, September 16, and last through December 30. Breakfast must be ordered the day prior to when it will be served. For example Wednesday's breakfast will be ordered on Tuesday. The lunch count will be taken each morning. Any money which is presently on your child's meal account can be held and used in January. Please feel free to call with any questions you may have.
